

Date: January 2017

Ref: Reference for Worrell Harvesting

To whom it may concern:

Worrell Harvesting have carried out extensive forestry works to include both harvesting, chipping and removal at Galway Wind Park. Worrell Harvesting have shown themselves to be an experienced contractor with an appreciation of large scale operations taking into account H&S, working in proximity to other works and ensuring the local environment is not compromised. (in particular water ways)

Worrell's held a positive attitude towards safety and were always forthcoming and engaging when discussing such matters.

In summary we would welcome the opportunity to work with Worrells again in the future.

Yours Sincerely

A handwritten signature in blue ink, appearing to read 'David O'Malley', is written over a horizontal dotted line.
