Worrell Harvesting Ltd
Killenure,
Ballybrittas,
Portlaoise,
Co Laois,
Ireland

Pennaeth Cynaeafu a Marchnata
Head of Harvesting & Marketing
HUGH JONES

7th January 2013.

REF. A reference for Worrell Harvesting Ltd.

To whom it may concern.

I am writing this reference and can honestly say that Worrell Harvesting Ltd of the above address have conducted themselves with true professionalism when working for Wales Harvesting and Marketing after winning two tenders that were put out over the last six months.

The second tender is due to start early April and the first is about to come to an end within the next three weeks.

I am pleased to see that our tenders here in Wales are encouraging contractors of this quality and have no issues in writing this reference for the named contractor.

The quality of paperwork and the communication that we have from the contractor is very good. Site standards are also very good with a well planned out site. Brash mats are kept narrow and maintained with regular brashing, stumps are kept low and waterways and ditches kept clear of all brash. There is a true general feeling of concern for site standards showed by the contractor when working within our forest and on our forest roads which is always good to see, and all this is related back to our site supervisor through good communication. There has been no issues regarding health and safety and the correct PPE always worn on site.

I do hope that this brief reference can help Worrell Harvesting Ltd secure more work in future and if there is any more information required please don't hesitate and give me a call on the number below.

Yours sincerely,

Paul Jones.
